

INTRODUCTION

PRIDE is a premier research institute dedicated to producing and promoting evidence-based research to inform social and economic policy formulation.

Established in 2016 as a sole proprietorship, PRIDE has recently been registered as a private limited company – PRIDE Consulting Private Ltd, with the Securities and Exchange Commission of Pakistan. Headed by Dr. Lubna Shahnaz Umer, PRIDE has its main office in Islamabad,

PRIDE provides research and advisory services in a range of areas, to a broad range of stakeholders including all tiers of government, development partners, civil society and academia.

PRIDE specializes in conducting high quality quantitative and qualitative primary research, in conformity with international ethical standards. It strives to engage and mentor emerging young researchers in promoting culture of research.
